

**100% Cranberry, with Essential Proteins and Lipids**

# Cranberry Seed Flour

This powder is 100% cranberry. It is superior to other cranberry powders because, in addition to providing polyphenols, it provides healthy cranberry proteins and lipids. And, this powder contains almost no sugar or organic acids - making it healthier and taste better than many cranberry ingredients. Set your smoothie mixes and superfood bars apart with fruit amino acids from this powerful antioxidant powder.

## Characteristics:

**Appearance:** Earthy red, flour-like powder  
**Aroma:** Characteristic of grain flour
